[Despatch Abstract.]

Draughts - Servants — Kollegal Silk Weavers. Post of Manager Created.

DEPARTMENT OF SUPPLY

D.O. No.SF/MD.

Office of the
Controller of Supplies,
South India Circle,
Madras.
20th April 1943.

My dear Sivasankar,

I presume Mr.Chou has returned from Kollegal and trust that you are now in a position to decide how his services should be utilised. The Government of India have asked me to enquire of you on the following matters:-

1. Re: Mr.Peychaud:- Mr.Peychaud is due for reversion to Kashmir Services in June. Will you therefore let me know whether you desire to retain him till then or longer? If it is your intention to keep him in charge of Kollegal Filatures, Ltd., for any length of time, will you please let me know whether you intend to debit the Filatures with a sum which may be regarded as a reasonable salary for his services as Manager? If so, could you kindly arrange to credit this amount to the Government of India's account with the A.G. Mr.Peychaud is being paid Rs.2000/- per month. The balance will, of course, be borne by the Supply Department after the figure for his services as Manager is agreed upon.

2. Re: Mr.Chou:- The Government of India would be glad to be informed whether it is intended to replace Mr.Peychaud with Mr.Chou as soon as the latter has acquired the necessary hang of the whole business. If not, will you kindly let me know how it is intended to distribute the work between Mr.Chou and Mr.Peychaud?

3. Cocoon Control Order:- Cocoon prices seem to be shooting up further and Mr.Peychaud informs me that the prices last week were at the phenomenal figures of Rs.46/- per maund. Since the contract price with the Govt. of India is based

at a level of ten annas a pound of silk, viz., at Rs.15/10/- per maund, it is not clear how the Madras Govt. propose to bear this huge difference. Mr.Khaleeli told me that it was intended to request the Govt. of India to recast the entire contract on the Mysore model. If this is done the figure of 0-10-0 per pound will vary according to increase in the cost of living index since January 1942. It is unlikely, however, that the figure will step up to anywhere near the present working price of silk. Will you kindly let me know how long it will take before the Cocoon Control Order is passed and the control measures enforced?

Yours sincerely,

(M.P.Pai, I.C.S.

Sub: Silk Plasters at Kollegal - Management

Extracts from a D.O. regarding the retention of the services of the Physician received from Mr Pai, are enclosed.

I am to invite a reference also to para 2 of G.O. No 610 Dev d 20.4.1943 and to request you to expedite your report on how best the work of the Silk Plasters could be arranged between Peychaud and charcoal from next and thereafter. Please say whether I am also to request Peychaud will have to be retained longer

4

a/c

Thank you.

Peychaud has been in charge of the Kollegal Silk Filatures for some time now and it seems equitable that a reasonable salary for his services as Manager should be credited to the account of the Govt of India. Please report the amount which you consider would be reasonable for the purpose and from what ~~period~~ date such adjustment should be made.

Copy of D.O. from the Director of Industries and Commerce, Madras, dated 17th April 1943 to the Additional Secretary to the Government of Madras, Development Department.

Kollegal Silk Filatures - Electrification.

Chou and I called at the Mysore Secretariat yesterday (16th April 1943) and met the Development Secretary. We could not meet the Minister in charge of Sericulture as he was away in Ootacamund. We also met Mr. Govinda Rao, the Officer on Special Duty in connection with the Filature Expansion Scheme. This morning Mr. Rao accompanied us to the Sericultural Farm and the Filature at Chennapatna and Chou and I had a look round these places before coming up to Kollegal.

When at Bangalore I saw the Secretary to Government in the Electricity Department and he told me that Mysore's letter agreeing to giving us power from Sivasamudram was under issue. I also met Ayath at the Secretariat. I was told that 39 miles of 8 SWG copper wire, 26 miles of 12 SWG copper wire and 13 miles of galvanised iron ~~xixx~~ overhead ground wire 5/16" or 3/" diameter have to be supplied by the Madras Electricity Department to the Mysore Elec. Dept. The sooner these are supplied the better. Ayath also told me that they had already begun collecting materials required for constructing the transmission lines and that once these had been collected, the lines would run with utmost expedition. He said that he required the permission of the Madras Forest and Excise Departments for clearing trees, bushes etc., in order to run the line through certain areas of Kollegal Taluk. I suggest that the Heads of these departments be addressed in the matter at an early date and asked to give such assistance as may be necessary to the representatives of the Mysore Electricity Department.

There is just one more matter worth mentioning. Mysore Electricity Department has located with the Electricity Department of the Kashmir Government a motor of about 100 H.P. suitable for operation on 25 cycles generator. This motor, could, I was told, be used on the existing generator at the Panchayat Power House, Kollegal. I also understand that if a generator of larger size should be available at a later date, it should still be possible to use this motor.

4/5/43

D.O. DIRECTOR OF INDUSTRIES & COMMERCE

MADRAS, Dated 1st May 1943.

Compl

My dear Sivasankar,

3369

pp 3. 4 cl

Will you please refer to your D.O. No.8247-D/43-2 dated 22nd April 1943 asking me whether Peychaud's services have to be retained after June 1943 when he is due to revert to Kashmir ? I can answer this question straightaway by saying that Peychaud's services would not be required if Chou decides to stay with us. It should be possible for Chou to watch over the work of the Kollegal Silk Filatures also. There should, however, be a Manager on Rs.500-700 in charge of the Kollegal Silk Filatures working under the general superintendence of Chou. If Chou decides to leave us, ~~we~~ then we should have Peychaud and put him in charge of both the filatures, again, with a Manager on Rs.500-700 in charge of the Kollegal Silk Filatures.

B A C D

Now, As regards the second point raised by Pai on the question of debiting the filatures with a sum which may be regarded as a reasonable salary for Peychaud's services as Manager: Peychaud has been in charge of the Kollegal Silk Filatures since February 17, 1943. During this period the filature has produced

X

1617 lbs. of Parachute quality silk,
50 " of Trainees Silk No.1,
13 " of " " No.2,
& 124 " of Duppion.

He has also begun training the staff recruited for the new filatures. In view of Peychaud's services to the filatures, I suggest that half

M

of his salary be debited to the account of the [illegible] G
filatures from the date he took charge.

Yours sincerely,

T. Sivasankar Esq., I.C.S.,
Addl. Secretary to Government,
Development Department,
Madras.

[Issued as DO No. 8247-S/43-2 @ 22-4-43]

Ip f 9-10 cf. [From the DIBC, D.O. No. [illegible] dated 11.5.1943.]

To Addl U.S.

Para 1 of D.O. at f 9 cf: The question is whether the services of Mr Paychand should be retained after June 1943. The hypothetical answer given by the DIBC at B & C on f 9 cf. is not helpful. In P.O. 610 Dev d 20.4.43, the DIBC has been asked to report on the conditions of service of Mr Chan. No reply to this has been received so far. It has been reported that Mr Chan desired

Ip ante f 1 cf.

not put up. [D.O. is dealt with]

to get back to his country & his suggestion regarding R
the appointment or working of the factory are not approved
by the Govt A2 has observed that he would discuss
Mr Chari's Scheme at Kollegal. In the circumstances
the question re: Peychard can be decided only after
a definite arrangement is made regarding Mr
Chari's Conditions of Service. (which will be possible after A2's visit to Kollegal) for orders whether the
Controller of Supplies may be informed accordingly

The proposal of the D I Es for the
appointment of a Manager on Rs 500-700 bm A & D m.f. 9.5
in either of the Farms in the event of either
Peychard or Chari continuing in the ~~Employment~~
of this Govt is also immaterial. The Scale of pay

which was previous for the Gazetted post of Manager
Vide (G) prior to Mr. Chau's appointment was only Rs 350-500
The reason for the change in the scale of pay
is not apparent. For orders whether DISE may
be asked if he has in view any person with
suitable experience & qualifications for appointment
on Rs 500-700 p.m. only.

Not necessary at present that contingency will arise only after Peichand leaves

Mr Rao to have a word to understand from Mr Chau. Thereafter may be submitted for orders. 7/1

Para 2 of D.O. at p 9 ante:

The DISE has suggested
X on p 10 ante. that the Kollegal Sch Classes be delinked with
* M on p 1 ante. Rs 1000/- p.m. (half the Salary the Post of Asstt now gets) with effect from 17.2.43 for the Services of Mr Peychaud as Manager of the Kollegal Sch Classes (acquired & run by the Govt of Madras). If this is approved there would appear to be a disparity between the Salary of the Managers of the two Factories, as Mr Chau gets only Rs 700/- p.m. For orders whether the DISE's proposal will be accepted Finance may see the Case for remarks on this proposal. The amount proposed to be given for Mr Peychaud's services for part time work in the Kollegal Sch Classes will have to be agreed to by the Dept of Supply. For orders.

N on p 1 ante.

DS
5-5873

1) The question whether we want to retain Peichand after June can be decided only after A2's visit to Kollegal & consequent decision 2) Chau to stay Peichand however should be retained till June at least.

2) the question of raising the salary of the manager Rs 500-700 may be considered when either Chou or Peychaud leaves us.

No: we should retain a man with his knowledge.

3) we may pay Rs 1000/- p.m. for services of Peychaud, although it is more than the salary of Chou which is 700, for, Peychaud's full salary is 2000 / one must pay at least half. Chou may be consulted

5/5/43. Din

Dev W.O. F247-DI 6.5.43 (with I.& F. C.8618)

Finance (E.I.)

(Previous note of Finance on p. 2 ante.)

Please see the notes of Development from page 3 ante. The Director of Industries and Commerce has stated that Mr. Peychaud's services would not be required after June 1943 if Mr. Chou decides to stay in the services of this Government; if, however, the latter decides to leave, then the services of Mr. Peychaud would be necessary. At any rate there will be only either Mr. Chou or Mr. Peychaud for being put in charge of both the filatures at Kollegal. The following proposals have now been submitted to the Government for sanction:--

ASST. SECRETARY TO GOVERNMENT 6 MAY 1943 FINANCE DEPARTMENT

11852 E I

(1) Appointment of a Manager on Rs. 500-700 for being placed in charge of the Kollegal Silk Filatures; and

(2) the debit to this Government of half of the pay of Mr. Peychaud for the period of his service under them from 17-2-1943 up to June 1943.

The following remarks seem called for on the above proposals.

2. Item (1) in paragraph 1 above -- A post of Manager (gazetted post) on Rs. 350-15/2-500 has already been sanctioned for the new filature factory. It would seem that a similar post was sanctioned also for the present factory taken over by the Government under the D.O.I.Rules. But, actually, Mr. Chou

G.O. 455 M Dev 26.4.42

(a Chinese officer) was appointed for one of the posts on a far higher salary of Rs. 700 / Though Development consider that a person must be had as an understudy to Mr. Chou, the need for creating a post on Rs 500-700 in lieu of the present post of Rs. 350-500 has not been explained by the D.I.& C. Before this Department can accept the proposal, it seems necessary to have information as to the qualifications expected from the officer proposed for appointment on the suggested higher scale as compared with those of the persons who were expected to be appointed on the sanct oned scale of Rs. 350-500. It might be mentioned that the enhancement of the pay of the post will result in increase of the cost of production of silk and this might affect the purchase of silk by the War Department. In the circumstances Development may be requested to obtain fuller justification from the D.I.& C., for his proposal.

3. Item (2) in para 1 above -- Reference is invited to the telegram from the Government of India on pp. 75-78 C.F. and orders of A.2 thereon and the Memo. issued to the D.I.&C., on pages 81-82 C.F. of G.O.No.C749 Development. dated 10-5-43 in which the circumstances under which Mr. Paychadd came to be in charge of production at the Filatures are set out. It was then understood that Mr. Peychadd would continue to be paid by the Government of India and consequently the question whether any portion of his salary should be met by this Government was not raised and considered. The Government of India have now raised this point. It is not, however, clear whether that the Government of India consider that a share of the officer's cost should be debited to the Kollegal Filatures only if he is to be placed in charge of the concern for any length of time; if this is the position, as the D.I. & C., does not propose to retain Mr. Peychadd after June 1943 in the event of Mr. Chou's continuance, it does not seem that the question of debit of his cost to the Filatures for his services up to June 1943 needs consideration. Development apparently consider that the Filatures should pay for the services rendered by the officer. It is presumed that this expenditure will not affect the sale price

of silk materially so as to result in loss. | D

Submitted for orders whether the proposal to debit half the officer's salary to the Kanchi Silk Filatures may be accepted. The expenditure is debitable to the factory's working expenses.

11.5.43

KRV 12.5.43

12.5.43

See margin of preceding page. DMW Thro' Accts-B (Rama 3) 11.5.43

Para.3 on p.5 cf. is very disconcerting. Fin. would be glad to know whether effective control of the price of cocoons has yet been established. Dept. are presumably considering whether we shall have to ask for a revision of our agreement with India re silk reduction including withdrawal of the "ceiling price in view of the steep rise in costs.

Appointment of a Manager on Rs 500-700.

Please see the remarks of the Finance Dept at pp 6-7 above and the remarks of the Finance at B on p 7 above. No post of Manager has been sanctioned for the Kollegal Silk Filatures so far though it was proposed to have, if necessary, a post on a Scale of pay similar to that sanctioned for the Govt. Silk Filatures Factory. With the decision to appoint Chinese Experts for business and technical supervision, the idea of appointing Managers for each factory on Rs 350-500 was dropped. The intention now is to have with the Govt. for the Peychaud ... of both the factories initially and to appoint a Manager on Rs. 500-700 who will be an understudy to the above and who may be
